

Adapters, Round-Pole, Streetlight

1. Scope

This standard covers the requirements for streetlight round-pole adapters.

This standard applies to the following Seattle City Light (SCL) stock numbers:

Stock No.	Description
014300	Streetlight round-pole adapter, bronze
014301	Streetlight round-pole adapter, gray

2. Application

Round-pole adapters are used to mount flat-bracket luminaires (as specified in SCL 5723.25) to round poles. Adapters are for use on both wood and steel poles.

3. Requirements

Round-pole adapters shall be compatible with pole diameters from 4 inches to 6 inches.

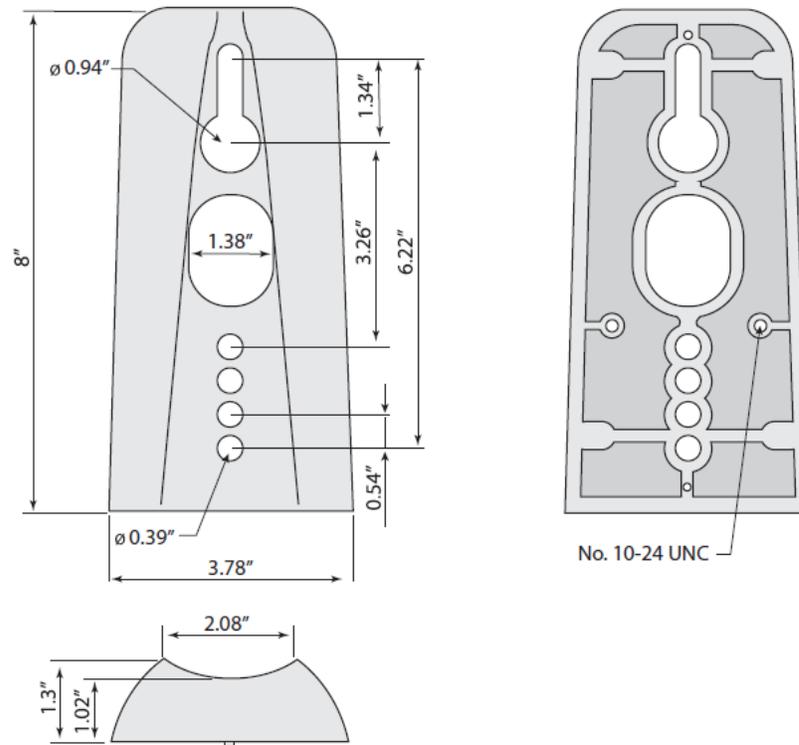

Dimensions shall be as shown in Figure 3.

4. Packaging

Adapters shall be individually packaged to prevent damage during shipping, inside storage, and casual handling prior to installation.

Each package shall be legibly marked with:

- Manufacturer name
- Manufacturer catalog number
- Product description
- Date of manufacture (month and year)
- Seattle City Light stock number
- Seattle City Light purchase order number

Each package shall be legibly marked with:

- Product description
- Seattle City Light stock number

5. Issuance

Stock unit: EA

6. Approved Manufacturers

Stock No. 014300, Round Pole Adapter

Manufacturer: Leotek

Catalog Number: RPADB

where:

RPA = round pole adapter

DB = finish, dark bronze

Stock No. 014301, Round Pole Adapter

Manufacturer: Leotek

Catalog Number: RPAGY

where:

RPA = round pole adapter

GY = finish, light gray
