

Cable Accessory Sealing Kit for Jacketed, Round Wire Concentric Neutral Cable

1. Scope

This standard covers the requirements for cable accessory sealing kits for jacketed, round wire concentric neutral cable.

This standard applies to Seattle City Light (SCL) Stock No. 012687.

2. Application

Cable accessory sealing kits provide a reliable means of sealing the jacket end of round wire concentric neutral power cables where elbows or other cable accessories are installed. This kit is applied to #2 to 2/0 AWG, 28 kV cable.

3. Requirements

Cable accessory sealing kits shall include cold shrink sealing tube, mastic sealing strips, and printed instructions.

Kits shall have an application range of 0.95 to 1.94 inches in diameter.

4. Packaging

Product shall be packaged to prevent damage during shipping, handling, and storage.

Individual packages shall be legibly marked with:

- Manufacturer name
- Manufacturer part number
- Product description

Shipping containers shall be legibly marked with:

- Seattle City Light purchase order number
