

Tags, Cable Identification, PVC, Blank

1. Scope

This standard covers the requirements for blank, polyvinyl chloride (PVC) cable identification tags.

This standard applies to Seattle City Light Stock No. 735800.

2. Application

Tags are attached to power and communications cables and equipment to help identify connections.

Tags are attached to cables with tie wraps.

3. Requirements

Tags shall meet the requirements shown in Table 3 and hole spacing as shown in Figure 3. All dimensions are nominal.

Table 3. Tag Requirements
