

## Signs, Call 811 Before You Dig, Adhesive

---

### 1. Scope

This standard covers the material requirements for adhesive "Call 811 Before You Dig" signs.

This standard applies to Seattle City Light (SCL) Stock No. 765255.

---

### 2. Application

"Call 811 Before You Dig" signs provide a visual aid in notifying and reminding the public to call before digging to avoid contact with utility infrastructure.

This sign is intended for use on the outside of switchgear, transformers, or any other utility equipment.

Sign shall be used on a clean metal surface that allows the sign to be applied and adhere well to its surface.

---

### 3. Industry Standards

Signs shall meet the applicable requirements of the latest revision of the following industry standard:

**Common Ground Alliance (CGA) Standards and Guidelines;** 811 Logo: Graphic Guidelines/Policies

---

Standards Coordinator  
Kathy Tilley

Standards Supervisor  
John Shipek

Unit Director  
Darnell Cola

**4. Requirements**

Manufacturer must submit artwork for review by SCL Standards prior to receiving approved manufacturer status. Artwork submission shall include manufacturer part number for SCL use in ordering product.

Sign shall be fabricated according to Table 4.1 and Figure 1.

**Table 4.1. Sign Requirements**

<b>Material</b>	3m high intensity white Tedlar laminate or equivalent
<b>Dimensions</b>	4 1/2 in diameter
