

Arms, Planter Support, Streetlight Pole, Pedestrian

1. 1. Scope

This standard covers the requirements for pedestrian, streetlight pole, planter support arms.

This standard applies to the following Seattle City Light (SCL) stock numbers:

Stock No.	Description
011972	Single Arm, 16 inch
011973	Double Arms, 16 inch

2. Application

Planter support arms are designed to fit round, fluted, square, and multisided poles, using a central tubing inserted through two opposite 1 3/8-inch holes.

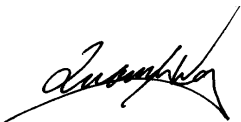

Arms are used to support planters and banners.

Arms shall hold planters or banners at least 8 feet above sidewalk.
