

## Chain, Passing Link

### 1. Scope

This standard covers the requirements for passing link chain.

This standard applies to Seattle City Light (SCL) Stock No. 726902.

### 2. Application

Passing link chain is used for securing items and for general utility purposes.

Passing link chain has wide links which permit links to pass through one another freely so the chain will not kink or knot.

### 3. Requirements

Passing link chain shall:

- Be manufactured from low carbon steel
- Be zinc plated
- Be trade size 2/0
- Have 13.8 links per foot
- Have a working load limit of 450 lb

### 4. Packaging

Passing link chain shall be packaged in a square pail containing 200 ft.

Passing link chain shall be packaged to prevent damage during shipping, handling, and storage. The package shall be legibly marked with:

- Manufacturer name
- Manufacturer part number
- Product description
- SCL stock number

Shipping containers shall be legibly marked with:

- Seattle City Light purchase order number

## 5. Issuance

Stock Unit: FT

---

## 6. Approved Manufacturer

<u>Manufacturer</u>	<u>Part No.</u>
Campbell Chain & Fittings (Apex Tool Group)	0309526
