
Spill Supplies, Bags, Disposal, Polyethylene, Sealable

1. Scope

This standard covers the requirements for sealable, polyethylene disposal bags.

This standard applies to the following Seattle City Light (SCL) stock numbers:

Stock No.	Description
756107	5-gallon, clear, seal-top polyethylene bags, 20 in x 24 in, 4 mils thick
756108	1-gallon, clear, seal-top polyethylene bags, 12 in x 15 in, 4 mils thick

2. Application

Sealable, polyethylene disposal bags are used for the storage and disposal of oil or hazardous material spills that have been contained with absorbent material. The bags are also used to store PCB oil sample kits for Substation crew use.

3. Packaging

Product shall be packaged to prevent damage during shipping, handling, and inside storage.

Cartons shall be legibly marked with:

- Manufacturer name
- Manufacturer catalog number
- Product description
- SCL stock number

Shipping containers shall be legibly marked with an SCL purchase order number.
