

Signs, Notice No Trespassing, 8 in x 10 in, Adhesive

1. Scope

This standard covers the requirements for adhesive-backed decal “Notice No Trespassing” signs.

This standard applies to Seattle City Light (SCL) Stock No. 013846.

2. Application

“Notice No Trespassing” signs provide a visual aid for vault rooms and doors containing equipment used in the Network system. This standard was developed for the Network group in an effort to keep vandals and other people from entering network rooms and areas where Network System equipment is operated. It may be used in other areas if a no trespassing sign is needed.

These signs are intended for use on, in, or around Network system rooms, generally on the outside of the entry door.

“Notice” statements are a description of situations where a non-immediate or potential hazard presents a risk to damage of property and equipment.

3. Industry Standards

Signs shall meet the applicable requirements of the following industry standards:

Occupational Safety and Health Administration (OSHA) 1910.145; Specifications for accident prevention signs and tags

Standards Coordinator
Julie Hale

Standards Supervisor
John Shipek

Unit Director
Andrew Strong

- American National Standards Institute (ANSI) Z535.1**; Safety Colors
- ANSI Z535.2**; Environmental Facility and Safety Signs
- ANSI Z535.3**; Criteria for Safety Symbols
- ANSI Z535.4**; Product Safety Signs and Labels
- ANSI C2**; NESC Handbook, Appendix B Safety Signs
- ASTM D4956 Type IX**; Standard Specification for retroreflective sheeting conforming to Type IX.

4. Requirements

Sign shall be fabricated according to Table 4 and Figure 4.

Table 4. Sign Requirements

Material	Suitable for application without requiring additional coats of adhesive or water to the application surface Minimum performance temperature of -10°F Self-extinguishing
Coating	3M Series 3930 high intensity prismatic reflective sheeting; UV-inhibiting or equivalent Sheeting strips applied in a vertical orientation Tedlar clear laminate
Adhesive	Clear, with silver underneath Pre-coated, pressure sensitive Shall have no staining effect on the decal material Mildew resistant Shall form a durable bond to clean, well-painted surfaces or unpainted corrosion-proof metals
Liner	Paper, back scored for easy removal Easy release-type; removable without tearing after storage for up to 4 hours at 180°F
Durability	Outdoor life of 6 years minimum, with vertical exterior exposure Resistant to 500 hours at 90% humidity Resistant to degradation by petroleum solvents and greases
Dimensions (in)	8 x 10
Text Colors	Signal word panel: Safety White letters on a Safety Blue background All other text: Safety Black
Manufacturer and SCL Product Identification	Manufacturer name or logo and the date of production clearly marked along the bottom left edge of each decal SCL stock number clearly marked along the bottom right edge of each decal
Lettering	Ink: 3M 880N series or equivalent Manufacturer and SCL identification: In a style and size that is legible but that does not detract from the message Signal word Notice: Helvetica Bold italic font. Message text: Helvetica Bold font
Layout	Per Figure 4

Figure 4. Sign Layout

5. Approval Process

Manufacturer must submit artwork and one representative physical sample for review by SCL Standards prior to being considered for approved manufacturer status. Artwork submission shall include manufacturer's part number for SCL use in ordering product.

6. Approved Manufacturers

Manufacturer	Part No.
Almetek Industries	LABEL-14608
Designer Decal	DD-013846-SCL
Electromark	SAY0002000

7. Packaging

Each standard package shall be legibly marked with the following information:

- Manufacturer identification
- Product description
- Seattle City Light stock number
- Quantity contained

Each shipping container shall be legibly marked with the following information:

- Manufacturer identification
- Product description
- Seattle City Light purchase order number

8. Issuance

Stock Unit: EA
